Restaurants & Eateries

We have endeavoured to publish all restaurants, Cafes, Bars & other eateries close to your hotel. Simply select a suburb/town or all suburbs/towns in the local region.

You can then explore All restaurants, or by Style/Cuisine.

Each restaurant/eatery has its own Feature Page where you will discover: the experience offered by that

restaurant/eatery, where it is located via an interactive map, when it is open and which days, a link to make online bookings (if available) and a Call Feature enabling you to call the restaurant directly from their Feature Page.

Two very important Features

- Special Offers and Promotions offered by each Restaurant or Eatery. These change regularly so it is always good to check back in often, to see what is on offer. Just tap Special Offers on the Feature Page.
- 360 Pass Loyalty Program – Restaurants are able to join our Loyalty Program which rewards our Members for dining locally via a discount every time you dine at a participating restaurant. If available, just tap Request 360 Pass on the Feature page and start enjoying discounted dining, locally.
